

Reclaim the NHS *take back what was ours*

We campaign:

- For publicly funded, publicly provided and publicly owned systems of health and social care.
- To defend what remains of our NHS, and campaign against the Health and Care Bill.
- To reclaim the NHS:

NHS End privatisation!

NHS End corporate takeover of GP practices, nationalise private hospitals, end PFI contracts, end all outsourcing within the NHS and social care.

NHS Increase the capacity of the health care system – of staff, beds, and equipment.

NHS Introduce a National Care Service – publicly owned, publicly provided and publicly funded.

NHS Raise standards of training of all health and care staff together with nationally, union-negotiated pay and conditions.

NHS Reintroduce systems of public accountability.

Come to our launch Public meeting! Time: Monday 28th March at 7–8.30 pm. Venue: Tramshed, 41, Woolwich New Road, SE18 6ET
